Welcome Message

Hey there, first off - congratulations!

Welcome to Warwick – and to something bigger than a degree.

You've swapped the familiar chai, monsoons and home for Tesco meal deals, Midlands drizzle, and a campus that takes at least a week to navigate without getting lost. That takes courage, and we think it deserves acknowledging.

The early days can feel like a blur. New faces, unfamiliar accents, and the occasional wave of homesickness. All of that is completely normal. What makes the difference is choosing to show up: to conversations, to societies, to opportunities that feel just slightly outside your comfort zone. Confidence, as it turns out, is less a personality trait and more a habit you build one small step at a time.

That's where INSA comes in. We're here to make Warwick feel like home a little sooner through community building, career support, socials, and the kind of practical guidance we wish we'd had when we first arrived. Whether you have a question, need a recommendation, or just want to a familiar face, we've got your back. So here's to the growth and the wins.

Your story starts now – make it epic!

P.S. Captain Hindsight retired. We're the upgrade.

Cheerio,
Team INSA Warwick
